Technical data

Dimensions and weights

Width	200 mm	Width (inches)	7.874 inch
Net weight	550 g		

Description of contact

Conductor cross-section, max. AWG	AWG 18	Conductor cross-section, min. AWG	AWG 26
Crimping range, max.	1 mm²	Crimping range, min.	0.14 mm²
Type of contact	Turned contacts		

tool data crimping

Crimping profile 1, max.	1 mm²	Crimping profile 1, min.	0.14 mm²

Accessories

M12 crimp contacts

Individual cable lengths are often required nowadays. In order to meet these demands, Weidmüller offers a wide range of plug-in connectors for custom assembly.
Male plugs and female socket for customisable assembly for M8, M12, M16 and 7/8" connections which are highly robust and ideally suited to machine engineering, for instance. The M12 plug-in connectors offer a choice of 5 different connection systems.
The crimp connection is characterised by high functional reliability. With this connection technology, the conductor is crimped to the contact and then engaged in the contact carrier. The connection between the conductor and crimp is vibration-resistant and boasts long-term stability.
Crimp contacts are to be ordered separately.
